Learning outcomes 2, 3, 4

Due Dates Midnight Sunday at the end of weeks 1, 2, 4, 6, 8, 10, 12

Percentage Weighting 20%

Length As specified below

Within six of the modules in this course you are asked to interact with what you have learned by posting a response of no more than 200 words to a question on the online discussion forum on Moodle. In addition to your initial posting, you will be required to make at least one further posting of at least 50 words, which interacts with what your online tutor and other students have said. The second posting for each assessment exercise must be within 7 calendar days of the due date for the initial posting. See the Learning Guide for further details.

Survey

<i>Learning outcomes</i>	1, 3
<i>Due Dates</i>	Midnight Sunday at the end of week 4
<i>Percentage Weighting</i>	35%
<i>Length</i>	No specified word limit

The student will complete one(1) of the following two surveys:

EITHER

Read through the gospels of Mark and John. Note carefully every reference to geographical locations (e.g. lakes and hillsides) and place names (e.g. towns and villages) mentioned in these gospels and locate them on a map of first-century Israel/Palestine. Then construct your own map (either in 2D, 3D, or electronic format) and locate each of these places on your map, and briefly describe the gospel events which are said to have occurred there.

Include details you think are important for shedding light on the events described e.g. location, topography, building features, population numbers, ethnicity, historical facts, etc. Where there is uncertainty about the location of a particular place, make a note of this.

OR

Using the historical sources available, construct a timeline of important historical events in Israel/Palestine from the time of Herod the Great's death in 6 BCE to the fall of Masada in 73 CE at the end of the Jewish War. Include a brief note about where these events took place. Also include approximate dates and locations for Jesus' birth, his baptism by John, his ministry in Galilee, and his crucifixion outside Jerusalem, and Paul's trial before the governor Felix.

Essay

<i>Learning outcomes</i>	1, 2, 3, 6
<i>Due Dates</i>	Midnight Sunday at the end of week 11
<i>Percentage Weighting</i>	45%
<i>Length</i>	2200 words

The student will complete one 2200 word essay from among the following topics. To do well in this assignment you must engage with primary sources as well as with current scholarly research.

Option 1

Describe the purposes, methods, and limitations of archaeology. Then critically assess the contribution archaeology has made to our understanding of Galilee in the first century CE. Provide one example of how archaeology may shed light on a location, place, or event described in the gospels.

Option 2

Scholarly opinion varies as to whether the majority of Galileans in the time of Jesus were Gentile or Jewish. This in turn has implications for how we understand Jesus, and whether he was influenced more by Judaism or Hellenism. Taking into account the primary sources available, and critically examining current scholarly debate, determine the ethnicity of the Galileans in the early half of the first century CE, and the implications this has for the historical Jesus.

Option 3

Scholarly opinion varies as to whether the majority of Galileans in the time of Jesus were falling into debt and penury, or whether client kingship under Roman rule led to increased

prosperity in the towns and villages. Taking into account the primary sources available, and critically examining current scholarly debate and the varying methodological approaches to the question (including social scientific approaches), determine economic conditions in Galilee in the first half of the first century CE.

Option 4

Discuss the contribution Josephus' works make to our knowledge of Palestine in the first century, and our reading of the gospels. What perspectives and biases do we need to account for when reading Josephus?
