

211.615 Theology: Ethics
Course Outline

NQF Level: 6
Credit Value: 15

DELIVERY MODE

Centre for Distance Learning

COURSE DESCRIPTION

An introduction to the discipline of Christian Ethics with special reference to its biblical foundations, its theoretical formulation and its application to some major areas of ethical decision making.

Pre-requisite

Pre-requisite: 201 Theology: Introduction

LEARNING OUTCOMES

At the end of this course students should be able to:

1. Identify and explain the main aims and concepts of Christian ethics.
2. Demonstrate ability in the intelligent application of biblical principles to ethical decision making.
3. Give evidence of skill in analysing and critically evaluating the strengths and weaknesses of major ethical theories and their use in the contemporary context.
4. Intelligently and coherently express attitudes to important ethical issues.
5. Conduct research in an area of ethical significance and express their conclusions in writing.
6. Evaluate the relevance of the subject for faith, life and ministry.
