### ASSESSMENT TASKS AND DUE DATES

There are three assessment tasks that contribute to the final grade (the online discussion, the research report and the exam), and one assessment task that contributes to your research report, but is not graded (the research proposal).

#### 1. Online Discussion Forums

<i>Learning Outcomes</i>	2, 3, 6
<i>Due Dates</i>	Midnight Sunday at the end of semester weeks 2, 3, 4, 5, 7, 8
<i>Percentage Weighting</i>	20%
<i>Length</i>	As specified below

In six lessons you will find Assessment Exercises which require you to post a response of 200 words on the Online Discussion Forum to a question about some aspect of that lesson. These questions are found in the course materials. In addition to your initial posting, you will be required to make at least one further posting of at least 50 words, which interacts with what your other students have said. The second posting for each assessment exercise must be within 7 calendar days of the due date for the initial posting.

#### 2. Research Proposal

<i>Due Date</i>	Midnight Sunday, end of semester week 5
<i>Percentage Weighting</i>	This exercise does not contribute to the final grade
<i>Length</i>	500 words

This Research Proposal is preparation for the Research Project below. So do this assessment after having read the instructions for *both* assessments. The topic that you choose for this Research Proposal is the same topic that you will address in your Research Report.

Your Research Proposal will outline the areas of debate generated by the topic, and the ways in which the issue is pertinent for mission today. You will also provide a bibliography

of useful, accessible books and articles that will show how you intend to explore the topic, including the scholarly views represented in the debate.

You are not expected to write an introduction or conclusion, or to access all your proposed sources. However, it is likely that you will need to access one or two sources to complete your proposal.

The purpose of this assessment is to equip you to complete the major research report well.

### 3. Research Report and associated Online Interaction

<i>Learning Outcomes</i>	2, 4, 5, 7, 8
<i>Due Date</i>	<i>Own summary:</i> Midnight Sunday end of semester week 9 <i>Responses:</i> Midnight Sunday end of semester week 10 <i>Report:</i> Midnight Sunday end of semester week 11
<i>Percentage Weighting</i>	40%
<i>Length</i>	2000 words + up to 1000 words for the online discussion

Choose a critical issue from the list of topics given below, and research it using the guidelines given.

#### Written Report

You must present a written report on your research topic of 2000 words. This report must follow normal essay standards in terms of style and referencing. Please note that while you will need to have most of the research for your project completed prior to the Online Presentation and Discussion (see below), the Written Report is not due to be handed in until after the completion of the online discussion so that you can bring insights from the online discussion to bear on your final Written Report.

#### Online Presentation and Discussion of Reports

The Research Projects which students undertake will be presented and discussed on the Moodle Online Discussion Forum. You must write a 300 word summary of your research topic, and post it on the appropriate Online Discussion Forum by the date shown above. Your summary should include the key books and/or articles which you found helpful in your research.

Research topic discussions will be “open” for a period of two weeks. During this time, you must make at least one posting of no more than 250 words on each of the initial summaries posted by the other students in this course (or as assigned by the tutor); other students taking this course will also respond to your posting. As the discussion continues on your topic, you must reply to all significant responses made about your research topic within 5 calendar days of each posting. The online tutor for this course will moderate the discussion that takes place on the online forum.
